# Notice of modification to the *List of Permitted Food Enzymes* to enable the use of lipase from *saccharomyces cerevisiae* LALL-LI in bread, flour, whole wheat flour and unstandardized bakery products

Reference Number: NOM/ADM-0207 [2023-09-13]

## Background

Health Canada's Food Directorate completed a premarket safety assessment of a food additive submission seeking approval for the use of lipase from *Saccharomyces cerevisiae* LALL-LI in bread, flour, whole wheat flour and unstandardized bakery products.

Lipase from other sources is already permitted for use in Canada in the foods requested by the petitioner. However, prior to this Notice, the source organism, *S. cerevisiae* LALL-LI, was not a permitted source for any food enzyme in Canada.

The results of the premarket assessment support the safety of lipase from *S. cerevisiae* LALL-LI for its requested uses. Consequently, Health Canada has enabled the use of lipase from *S. cerevisiae* LALL-LI as

described in the information document below by modifying the List of Permitted Food Enzymes, effective **September 13, 2023**.

The purpose of the information document is to publicly announce the Department's decision in this regard and to provide the appropriate contact information for those wishing to submit an inquiry or new scientific information relevant to the safety of this food additive.

## Information Document

To obtain an electronic copy of the Notice of Modification to the *List of Permitted Food Enzymes* to Enable the Use of Lipase from *Saccharomyces cerevisiae* LALL-LI in Bread, Flour, Whole Wheat Flour and Unstandardized Bakery Products - Reference Number: NOM/ADM-0207, please contact our publications office or send an e-mail to publications-publications@hc-sc.gc.ca with the words "**hpfb BCS nom-adm-0207-eng**" in the subject line of your e-mail.

## Contact Information

Health Canada's Food Directorate is committed to reviewing new scientific information on the safety in use of any permitted food additive. Anyone wishing to submit an inquiry or new scientific information on the use of a permitted food additive may do so in writing, by regular mail or electronically. If you wish to contact the Food Directorate electronically about lipase from *S. cerevisiae* LALL-LI, please use the words "**lipase (NOM-0207)**" in the subject line of your e-mail.
