Marginfree Market – Helping Consumers with Discount Prices on Everyday Products
Marginfree Market chain in Kerala helps consumers buy products for prices discounted from Maximum Retail Price (MRP). Marginfree Market chain is responsible for running home the idea of buying products at lowest prices, much below usual MRP rates.

Mr Ravi Kumar, an average general worker thought of better consumer experience when he saw how the largest consumer society is being exploited by established businesses that dominate Kerala markets. Thus began Consumer Protection Guidance Society and the concept of Margin-Free marketing.

Marginfree Market has been delivering grocery and consumer products at margin-free rates since January 26, 1994. Marginfree chain today has more than 350 shops in and outside Kerala.

Annual turnover exceeds Rs. 720/- Crore (INR 7.2 billion). The total discounts to consumers exceed Rs. 80/- Crore (INR 800 million).

Marginfree brought before rural consumers a new shopping experience. We deliver highest quality food products at lowest prices. Consumers who trust Marginfree brand also take advantage of MFREEM Consumer Card, which entitle them for additional discounts for the products they buy from Marginfree franchisee shops.
